

Interventional Society
for CathLab Allied
Professionals

The Interventional Society of Cathlab Allied Professionals

The Interventional Society of Cathlab Allied Professionals (ISCAP) is an Active Working Group of The South African Society of Cardiovascular Intervention (SASCI), and you are eligible for Associate Membership.

It has been proposed that one or two members of the ISCAP Executive Committee will serve as Representatives on the SASCI Executive Committee.

ISCAP Mission Statement

The Interventional Society of Cathlab Allied Professionals (ISCAP) is dedicated to improving the standards in Cathlab care and therefore improving the quality of life of the South African population by reducing the impact of cardiovascular disease.

ISCAP has set the following Goals:

- To establish a SANC recognised Cathlab certificate for Nurses.
- To provide allied professionals with an authoritative and cohesive voice.
- To provide a platform for Allied Professionals to work together as a team to ensure that standards are maintained in all aspects in the Cathlab environment.
- To provide Allied Professionals the opportunity to attend educational courses specifically designed to meet their needs, thereby ensuring best patient care.
- To collaborate with other societies locally and internationally.
- To promote Clinical Research within the Cathlab environment.

To achieve the goals of ISCAP, several activities are planned:

- Monthly meetings to establish the group
- To divide the country into regions, and to develop committees in those areas
- To compile a manual for Cathlab Staff
- To attend the Annual Meetings with SASCI
- To have our own newsletter
- To take part in Research Projects

We are actively recruiting new members to join the
Interventional Society of CathLab Allied Professionals.
