

20 May 2022

Dear Colleagues,

**Call for Cases: SASCI Session at Endovascular Cardiac Complications Meeting, 22 – 24 June 2022.**

The 15<sup>th</sup> Endovascular Cardiac Complications Meeting will take place from 22 to 24 June 2022, Lausanne. For more information on the Meeting, please visit the [ECC website](#).

SASCI will once again Represent South Africa in a Virtual Hub Complications Session on Thursday, 23 June 2022 from 16:30 to 18:00 (Virtual on Zoom). **SASCI invites you to submit an interesting complication case** to share your experience and interact with the Scientific Committee. Each clinical case should be proper practice in coronary and structural interventions.

Being selected will give you the opportunity to share your daily practice life and get some tips & tricks from our international experts! A prize will be awarded for the best Case Presentation.

Please [click here](#) to submit your case for review by Friday, 4 June 2022. The outcome of your submission will be communicated by Friday, 10 June 2022.

Yours sincerely,

**Hellmuth Weich**  
SASCI President

**Dave Kettles**  
ECC 2022 SASCI Session Convenor
